23. Pages 77-84 contain minor changes to the ERROR MESSAGES

24. Page 103 contains the paragraph re: In-State Representative which was moved here from Page 104.

25. Page 105 contains the following new items:

- 0026 Insured Report Number (unique number assigned to a claim by the insured) – clarifies that only the first **18 bytes** of data entered in the field will be collected.
- 0015 Claim Administrator Claim Number (unique number assigned to a claim by the carrier) – clarifies that only the first **18 bytes** of data entered in the field will be collected.
- 0195 Payment Issue Date specifies that the data element is required to transmit the last date of payment of indemnity benefits. If Subsequent transmissions contain payment issue date they will replace those previously transmitted with the exception of “initial date” transmitted on an EP (Employer Paid) (see the next note re: EP)
- MTC 02 EP Employer Paid – “This report is sent for the initial and subsequent reports of payment of salary in lieu of compensation. When the report covers the initial payment the Payment Issue Date (0195) is required. The initially transmitted Payment Issue Date will be recorded by the DWC as the initial and last payment dates. Subsequently transmitted Payment Issue Dates on an EP will update the DWC’s record of last payment date only”
